2.2.5	Ren Kai (Arts) replied that it is the first time.	
2.2.6	Joseph (SDE) asked whether it is a special VIP seat or any alumni that watch the performance will have to pay. He also asked where the funds collected will go towards, to charity or operations.	
2.2.7	Ren Kai (Arts) clarified that the seats are different from other seats and that he would prefer the funds generated to subsidise operational cost, so as to ensure continuity in the event. He suggested that the alumni's contribution to the fund will be beneficial in further recognising Rag and Flag as NUS's common identity.	
2.2.8	Derek (USC) clarified whether there will be a voting for the alumni seats issue.	
2.2.9	Ren Kai (Arts) clarified that it will be discussed at the C-Cube level.	
2.2.10	Joyce (Sci) suggested for the idea of tradition and heritage to be discussed in the council because there can be differing views.	
2.2.11	Ren Kai (Arts) shared to the council that the NUS identity can be the combination of the identity of clubs, halls and societies and the presence of all the participating bodies also forge the identity.	
2.2.12	Joyce (Sci) asked whether it is meant that the participation of all students is an identity.

2.2.13	Ren Kai (Arts) clarified that it can be defined in a lot of ways.	
2.2.14	Wei Yuan (Arts) asked how the constraints will be overcome if the council's decision is to hold Rag and Flag in the public every year.	
2.2.15	Ren Kai (Arts) mentioned that all the constraints cannot be predicted right now but the team will definitely try their best to carry it out.	
2.2.16	Yong Sheng (Sci) asked if future councils will be able to void the decision that the 34 th NUSSU Council has made.	
2.2.17	David (Med) clarified that they are able to convene and void the decision but what was discussed will be passed on down to the future batches so that they are aware that the decision that was made at that point of time is the best.	
2.2.18	Joseph (SDE) asked for the estimated cost of Rag and Flag when it was held in the public.	
2.2.19	Cassandra (Sci) provided a point of information that the operational cost usually amount to about one-third of the Rag and Flag budget and when it is held in the public, it is 2 times or 3 times of the amount.	
2.2.20	Ren Kai (Arts) pointed out that from a school's point of view; it is difficult to reject holding Rag in public. He also provided a point of information that the NUSSU Exco spends around 100 thousand every year on Rag, excluding the cost for building the float.	
2.2.21	Joseph (SDE) asked what the mixed message is that we are sending out to students.	
2.2.22	Ren Kai (Arts) answered that the mixed message that we are sending is whether giving back to the community covers both NUS community and the general public.	
2.2.23	Kenny (Law) proposed to extend the discussion for another 5 minutes; this is seconded by Zulhafni (Law). The motion was passed with no objections.

2.2.24	Kenny (Law) suggested increasing the awareness of Rag and Flag and still keeping the event within NUS.	
2.2.25	Wilson (Arts) elaborated on the need for the definition of the community, which is important for the project directors and participating bodies when there is a need to strike a priority. He brought out the example when Rag and Flag was held in the public and that some NUS students were deprived of watching the show because some of the seats were taken up by the public.	
2.2.26	Ren Kai (Arts) provided a point of information that media release is done every year.	
2.2.27	Samuel (Eng) provided a point of information that the C-Cube has agreed upon that the target group that the event should prioritise is the community and the beneficiaries more than the NUS population.	
2.2.28	Derek (USC) pointed out that the rag event will fundamentally still be just a stage show if the event is held in NUS. He also pointed out that the Rag event can potentially be an outreach event only if it is held in public space, although it is still difficult to define who exactly the Council is reaching out to.	
2.2.29	Ren Kai (Arts) reiterated on the definition of the community, where beneficiaries are the key priority while the general public and the NUS community are secondary priority. He pointed out that it will be up to the yearly organising committee to decide whether to target the fringe community.	
2.2.30	David (Med) proposed for the closing of the discussion, seconded by Yi Da (PA).	
2.2.31	David (Med) proposed for open voting with names of every council member noted down, this is seconded by Wei Yuan (Arts). The motion was passed with no objections.

2.2.42	The voting result was conclusive; Rag and Flag will adopt the hybrid rotation system between NUS and the public.

2.2.46	Joseph (SDE) asked if the school administration can affect the Council's decision.

2.3	Voting for removal of Lorry	
2.3.1	David (Med) opened a 10 minutes discussion for the issue.	
2.3.2	Wei Jiang (CSC) questioned the feasibility and method of moving the stage props out of the school without the use of lorries.	
2.3.3	Wilson (Arts) clarified that the removal of the lorry does not include the use of lorry for transport.	
2.3.4	Joseph (SDE) pointed out that the removal of the lorry will add constraints in the transport of the props, additional helpers will be needed and helpers are difficult to find in the recent years.	
2.3.5	Wei Yuan (Arts) clarified once again that the removal of the lorry does not mean that the lorry cannot be used to help in transportation.	
2.3.6	Eugene (Com) added on that the removal of the lorry in this case is the use of the lorry as the basic structure that the float is built upon.	
2.3.7	Derek (USC) pointed out that the Rag and Flag event without the lorry will indeed become a stage show. He added on that with tradition and heritage as one of the key ideas in mind, that element will have to be sacrificed for the other key idea of financial sustainability. He added on that Rag and Flag will suffer for meaning because its only uniqueness now is because of the lorry.	
2.3.8	Yong Jie (Com) pointed out that the removal of the lorry does not result in the loss of tradition because the rare opportunity for the NUS student population to come together in itself is a tradition.	
2.3.9	Derek (USC) reiterated that the lorry is still a big part of Rag and Flag and this component will be lost if the lorry is removed.	
2.3.10	Jeannel (Com) pointed out that it depends on what the definition of tradition is, for computing, the tradition is to bring freshmen together to build something that they can be proud of. She pointed out that the float can be built without the lorry and asked what the council wants the float to represent, faculty pride, how much money is spent or the hard work that they have put into building the float.

2.3.21	The voting result was conclusive; the lorry will be removed from Rag and Flag.	
2.3.22	Before the commencement of the discussion for the chancellor and rag shield, some members of the council were confused with the decision to lump the voting together or with the meaning of the shields all together. There were proposals to postpone the voting for the removal of the shields but the motion was not passed due to objections.	
2.3.23	Finally, Wei Yuan (Arts) proposed for a 10 minutes recess, seconded by Yi Da (PA), with no objections, the motion was passed.

2.4	Voting for keeping of Flag Shield	
2.4.1	The meeting resumed at 1306HRS and was called to order by Mr David Chen, Chairperson of the 34 th NUSSU Council.	
2.4.2	Ren Kai (Arts) apologised to the Council the lack of information in the C-Cube plus six meeting minutes, which resulted in the confusion caused previously. He explained that the C-Cube saw the issue as whether to have the need of the competition element of Rag. He suggested that to keep things simple, the 3 shields will be voted on separately.	
2.4.3	Ren Kai (Arts) presented to the council in brief what was discussed. He pointed out that the C-Cube associated the competition in Flag with its ability to collect more donations for the beneficiaries while the competition in Rag with competition alone.	
2.4.4	Wei Yuan (Arts) pointed out that the flag shield encourages competition, which increases donations for the beneficiaries. He provided a point of information that there is already a SYF banding system for Rag, which the existence of the Rag shield will just add to the competition. He pointed out that the combined shield brings about recognition of who is the best, this faculty or hall pride will not benefit the rest, so he asked the Council the need for keeping such a shield.	
2.4.5	Qi Xiang (SH) asked if halls are lumped into the same category with the faculties.	
2.4.6	Ren Kai (Arts) replied that as an organiser point of view, halls and faculties are a single entity.

2.6	Voting for keeping of Chancellor Shield	
2.6.1	Jun Yuan (Biz) reminded the council that the Chancellor Shield is not dependant on the results of Rag alone. He added on that to bring Rag and Flag together as a single entity, the Chancellor Shield should be kept to recognise the contribution of both Rag and Flag to the event.	
2.6.2	Voting Results for keeping of Chancellor Shield
